

AFTERNOON PICK-UP

Think airport pick-up. The curb is for loading — the parking lots are for waiting.

MOST IMPORTANT

Call your student and tell them where you're parked.

Just like at the airport, your student calls once the bell rings. Communicate which parking lot you are in or which street and then stay put. They will walk to you.

Never stop in a red zone. Bus lanes, emergency lanes, and driveways stay clear at all times. Load on the school side of the circle only.

WHERE TO WAIT

Arriving early, or student not ready? Park here — not at the curb.

1 Street parking – Layor & Queens
Park on the **east side only**, and **never block a resident's driveway**. About 15 spots on Layor, usually full by 2:00 pm. Red zones are **emergency lanes: no stopping**.

2 Faculty Lot #1
Immediately to the right as you come down Layor.

3 Faculty Lot #2
Just past Faculty Lot #1 and the mobile unit.

4 Student Lot
Behind the school, near the main gym and athletic field. Students drive out at dismissal — keep lanes and exits clear.

WHEN TO COME

The rush is short. Time it and skip it.
